MASKINFORRETNING A/S

Tillykke med dit produkt fra P. Lindberg!

Inden installering og brugen af dit nye produkt anbefaler vi, at du læser denne brugsanvisning grundigt igennem. Det er vigtigt, at du tjekker, at produktet ikke er beskadiget efter dit køb og inden brugen af hensyn til garantien.

Vi gør opmærksom på at skader, der er opstået på grund af manglende hensyntagen til manualens henvisninger, ikke kan dækkes af garantien.

Med venlig hilsen,

P. Lindberg Maskinforretning A/S

Frame assembly

1. Place all corners
NO.:1 pipes and NO.:2 pipes on the ground as shown.
Push two pipes into the 2 way joints.

2. Connect pipes together starting with the center frame.
Then assemble each side.

Attaching cover to frame

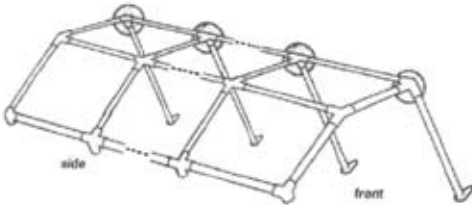

1. Start by lifting one of the frame and inserting legs.
2. Drape cover over frame.
3. Next, lift the other side of the frame and insert remaining legs.

NOTE: NO. 4 pipes should be set at corner to fix the tarp.

4. Hung up the 4 side panels.

NOTE: Loosen the straps on the bottom of the legs when attach the cover. Adjust as needed after the canopy is assembled.

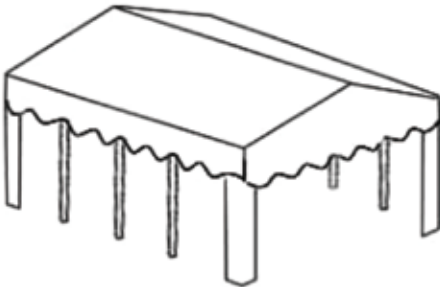

1. Start by inserting the legs on one side of the frame.

2. Drape canopy over frame

Insert the remaining legs and finish attaching cover to frame.
Then hung up the 4 side panels.

NOTE: USING TIR DOWNS OR PROPER ANCHOR KIT FOR YOUR NEEDS
